

YOU BUILD. WE'LL PARK.

LAEDC finds space to fit Royal Truck Body's expansion

Synopsis : Royal Truck Body in Paramount faced a possibility of relocating their business if they could not secure nearby parking for their finished utility trucks.

Economic Impact : 220 jobs

The Challenge : Although RTB management was already in the process of working with the Los Angeles Department of Water and Power (LADWP) and Southern California Edison (SCE) to lease space under adjacent power lines, things seemed to be at a standstill.

Actions and Resolutions : LAEDC helped facilitate the ongoing process. RTB currently leases 6.5 acres of storage space under SCE's power lines that alleviates the initial storage space stress. This expansion effort brings an additional 90 jobs.

“ The progress Royal Truck Body has made with Edison and the LADWP has given us the confidence to move ahead with our growth strategy...thank God for the LAEDC. ”
- Dudley DeZonia, President of Royal Truck Body
