

# The Manufacturing and International Trade Capital of America

## Los Angeles County

LA County employs more people in manufacturing and international trade than any other county in the nation. Through its combined seaports of Los Angeles and Long Beach, and the Los Angeles International Airport (LAX), LA County is America's #1 gateway to the global economy.

### LA County is ...

- #1 in manufacturing jobs (447,000) in 2007
- #1 in international trade (\$349 billion) in 2007
- #1 in minority- and women-owned businesses
- Home to more than 244,000 businesses and 10.3 million people, representing every country, language, culture in the world today

With a richly diverse labor force of more than four million people, of which over one million are college graduates, LA County is the smart place to relocate or expand your business. Call the LAEDC today to help get you there.
